

BIG ON SPACE. The largest passenger volume and most rear leg room in its class' give you room to breathe, while a 1.6-litre engine delivers 5.8 L/100 km (49 mpg). Smart storage space keeps things organized. Six standard airbags help keep it safe. And over 5000 extreme durability tests make sure the fun keeps going. Nissan Versa – the big-ideas car that just won't quit.

2009 Nissan Versa Sedan

Nissan Versa 1.6 Sedan shown in Airstream.

ROOM TO SPARE. With a versatile interior big enough to keep a crowd happy, excellent fuel economy and fun-to-drive performance, you get the best of everything. Available Bluetooth® Hands-Free Phone System* and auxiliary audio input jack keep it simple, while six standard airbags help keep you safe. Nissan Versa – the larger-than-life car.

2009 Nissan Versa Hatchback

Nissan Versa SL shown in Airstream.

2009 Nissan Versa –
it's larger-than-life.

1.6-litre 4-cylinder engine delivers >
surprising performance and
excellent fuel economy.

< Versa has the largest interior in its
class! And that means room to bring
all your friends – and those little things
like knees, shoulders, and elbows.

Xtronic CVT™ transmission. The only >
one in its class,¹ its single, flexible
belt creates a virtually “gearless”
transmission. Put the lever in Drive
and glide away. No hunting for gears,
no shift shock. Just you enjoying
impressive fuel economy and a
seamless flow of power.

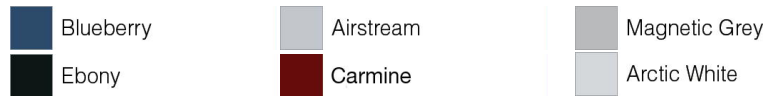

< Versa's available premium audio system
features 6 strategically placed speakers, an
in-dash MP3/WMA-capable 6-CD changer
(good for over 70 hours of music), an
auxiliary audio input² for your MP3/WMA
player, and available XM™ Satellite Radio³.

A great relationship with the road is handled >
by thoughtful technology, including a
rebound spring inside each shock absorber.
By helping to control how fast and how far
the shock extends after hitting a bump
or when the vehicle is leaning in a turn,
you enjoy a smoother ride and flatter,
more secure cornering.

¹WardsAuto.com's Lower Small Car segment, January 2007. ²Driving is serious business and requires your full attention. Do not operate any devices connected to the auxiliary input while driving. ³XM™ is a trademark of XM Satellite Radio Inc. and used under licence by XM Canada. Required XM subscription sold separately after three trial months. Reception of the XM signal may vary depending on location. All fees and programming subject to change. Subscriptions subject to terms and conditions available at www.xmradio.ca.
