

2009 Nissan Xterra

**Climb higher.
Go farther.
Never look back.**

Xterra's highly capable off-road > system features shift-on-the-fly 4WD and available locking rear differential for serious trail busting.

< Stadium-style seating in the second row split-folds 60/40 for passenger and cargo alike, and folds flat without having to remove a cushion or head restraint. Even the front passenger seat bows in the presence of long boards.

This tubular sensation features > a gear box perfect for storing wet and dirty stuff, while a long list of accessories are made to accommodate any activity.

< With up to 1860 litres (65.7 cu. ft.) of cargo space, and the easy-to-use Utili-track™ Cargo Channel System, tying down gear is a cinch.

Available Bluetooth® Hands-free Phone > System mean you can always stay in touch, even off the beaten path¹.

¹Availability of specific features is dependent upon the phone's Bluetooth® support. See Nissan.ca for a list of compatible cell phones. Please refer to your phone owner's manual for details. Cell phone not included. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. Cargo shown for display purposes only. Nissan recommends that all loose items be secured when transported. Cargo and load capacity limited by weight and distribution. Heavy loading of the SUV with cargo, especially on the roof, will affect the handling and stability of the vehicle.
